# Listening Test Introduction & Practice

- Practice the Test Administrator Script ahead of time.

The diagram illustrates the layout of the Listening Test script, with annotations explaining the formatting and reading instructions. The script is divided into several sections:

- Instructions for controlling the Listening or Speaking Test audio recording appear in all caps.** (Annotation pointing to the third section of the script)
- All text with a grey background must NOT be read aloud by the test administrator. Use these parts for reference or to follow along with the Listening Test audio recording.** (Annotation pointing to the fourth section of the script)
- The track number is displayed to the left of recorded audio for easy reference.** (Annotation pointing to the track number 'TRACK 1' in the fifth section of the script)

The script content is as follows:

You should be looking at the page labeled "Practice 1" at the top.

Now, when I start the recording, you must listen carefully because you will hear everything only one time. First you will hear some directions, and then you will answer Letter A at the bottom. Put your finger on Letter A to show me that you found it.

Scan the room and make sure all students are in the right place. If necessary, show students Letter A by holding up the next page of the script and pointing to Letter A.

**Jianzi: Plan your writing**

On the next page, you will write an essay describing your favorite game and how it is the same as and different from jianzi.

Think carefully about these questions to get ideas for your writing:

- How is that game different from jianzi?
- How is that game similar to jianzi?

Use this page to organize your ideas. You can use the organizer. Write your essay on the next page.

**Now it's your turn to write!**

Describe your favorite game and how it is the same as and different from jianzi. Write an essay in your booklet.

Now check your writing. Ask yourself:

- ☐ Did I write a beginning?
- ☐ Did I support my main points with details?
- ☐ Did I write an ending?
- ☐ Did I choose the best words for my writing?
- ☐ Did I organize my writing?
- ☐ Did I make my ideas clear?

Write your essay on the next page. →

Now it's your turn. Look at the picture again. In a moment, I will ask you what other things you see in this picture. Think about it.

# Speaking Administration

- Virtual test administrator, Ms. Lee, guides students and asks them sets of questions that are design to elicit language at progressively higher target proficiency levels.

- Model student, Nina, provides task level responses to support students and help test administrators score the test.

## Core Speaking Assessment Training

The Speaking Assessment Scoring Series on this page, as well as Speaking quizzes (one for Grades 1-5 and another for 6-12), must be completed by all Test Administrators who will administer and score the ACCESS for ELLs Paper Speaking test. You must complete the quiz for all grade levels you will administer, so for some educators, both quizzes are required. District and state Test Coordinators will monitor Test Administrators' completion of these quizzes.

The purpose of the Speaking Assessment Module is to prepare educators to confidently and accurately rate students' speaking test performance through the scoring scale and scoring rules. You should plan to spend one to two hours to completing the Speaking Assessment Scoring Module (depending on number of grade-level cluster tests you will administer) and 15-20 minutes per quiz (this estimate does not include reviewing or rereading).

## Supplemental Training for the Speaking Assessment

If you are unfamiliar with the test or have not gone through the core training, then you should first complete Module 1 and Module 2 on this page.

For those already certified to administer and score the ACCESS Speaking Test, WIDA is providing supplementary materials to help prepare to score this year's test. These materials are recommended and will help familiarize raters with some of the tasks on this year's test and how responses to these tasks should be scored.

# Supplemental Training for the Speaking Assessment

WIDA is providing supplementary materials to help prepare to score this year's test.

The screenshot displays the WIDA ACCESS for ELLs Paper Training website. The header includes the WIDA logo, navigation links (PAPER-BASED HOME, PREPARING, TESTING, AFTERWARD, DOMAINS, GLOSSARY, QUIZZES), and user options (MY ACCOUNT & SECURE PORTAL, LOG OUT, MAIN WIDA WEBSITE). The main content area is titled "2020-21 Supplemental Training for the Speaking Assessment". It includes a green box with instructions for new users, a paragraph about selecting grade levels, and a list of instructions for using the supplemental training. Below this is a table with columns for Task, Model Response, and Student Response. The table shows tasks P1, P3, and P5, each with a Model Response audio player and multiple Student Response audio players, each with an Explanation button.

# Speaking Administration

- Test administrator scores using the WIDA Speaking Scoring Scale
- Scores are recorded in the Student Response Booklet

The WIDA Screener Speaking Scoring Scale	
Score point	Response characteristics
Exemplary use of oral language to provide an elaborated response	<ul style="list-style-type: none"> <li>Language use comparable to or going beyond the model in sophistication</li> <li>Clear, automatic, and fluent delivery</li> <li>Precise and appropriate word choice</li> </ul>
Strong use of oral language to provide a detailed response	<ul style="list-style-type: none"> <li>Language use approaching that of model in sophistication though not as rich</li> <li>Clear delivery</li> <li>Appropriate word choice</li> </ul>
Adequate use of oral language to provide a satisfactory response	<ul style="list-style-type: none"> <li>Language use not as sophisticated as that of model</li> <li>Generally comprehensible use of oral language</li> <li>Adequate word choice</li> </ul>
Attempted use of oral language to provide a response in English	<ul style="list-style-type: none"> <li>Language use does not support an adequate response</li> <li>Comprehensibility may be compromised</li> <li>Word choice may not be fully adequate</li> </ul>
No response (in English)	Does not respond (in English)
<b>Scoring processes</b>	
Select the score point that best describes the overall response relative to the qualities of the model	
<ul style="list-style-type: none"> <li>Check to ensure each bullet point is met</li> <li>If not, check one level below</li> </ul>	
<b>Scoring notes &amp; rules</b>	
<ul style="list-style-type: none"> <li>For P1 tasks, assign a score of <b>Adequate</b> and above if the response includes more than one word in English. This includes an article plus noun (e.g., "a chair"), and verbs repeated verbatim from the model.</li> <li>For P3 and P5 tasks, students may take up and use language from the model and should not be penalized for this. This is particularly relevant for personal-preference tasks.</li> <li>At all task levels, simply repeating or reciting all or part of the task question should be scored <b>Attempted</b>.</li> <li>At all task levels, responses of "I don't know" should be scored <b>Attempted</b>.</li> </ul>	
<b>Off task response:</b> The response shows no understanding of or interaction with the prompt. It may answer another, unrelated task. A response that is entirely off task receives a score of <b>Attempted</b> .	
<b>Off topic response:</b> The response shows a misinterpretation of the instructions. An off topic response is related to the prompt, but does not address it. (Note that this does not refer to task completion; for example, if a student is asked for 3 reasons and gives 1, this should be scored based on language use and is not considered off topic.) The maximum score for an off topic response is <b>Adequate</b> . If any part of the response is on topic, the entire response is scored as on topic.

# Scoring Speaking Tips

When scoring Speaking think about:

- The grade level you are assessing
- How difficult are the demands of the task
- The Model Student Response
- The language needed on the scoring scale at each level

# Exemplary versus Strong Score Point

- When using the Speaking Scoring Scale, a score point that can often be difficult to distinguish between is Exemplary versus Strong.
- It is good to keep in mind that the model response (Nina's response) is considered Exemplary.

# Exemplary versus Strong Score Point

Questions to ask yourself:

- Is the language of the student response as sophisticated as the model?
- Does it include the same level of elaboration and detail?
- Or is it similar to the model but not as rich?

# Just Remember...

Oral Language or Language Development

- natural pauses
- repetition
- stumbles

Everyone does this!  
Is the way my students speak related to language development or typical oral language production?

Are they able to get the message across clearly?

The collage includes three photographs: students playing soccer on a field, students reading a book together on the grass, and students in a science lab setting.

# Administering the Speaking Test

1. **Prepare** the **Listening and Speaking Test CD** to begin at the appropriate track number.
2. **Read** the **Test Administrator Script** aloud to the student to begin the practice items.
3. **Press "Play"** when indicated in the script to begin the Directions and Practice. The **virtual test administrator** guides the student through this section. Do **not** score the practice items.
4. Follow along with the student as he or she goes through the Directions and Practice. Use the guidelines for monitoring the test and prompting provided in the Test Administrator Script.
5. Press "Pause" after the end of the Directions and Practice.

# Administering the Speaking Test (cont.)

6. **Read the Test Administrator Script** aloud to begin the test.
7. **Press "Play"** when indicated in the script to begin administration of the test.
8. **Follow along** with the student as he or she goes through the test. Monitor the test according to the guidelines provided in the Test Administrator Script.
9. **Evaluate and score** student responses immediately after the student gives a response to each task.
10. Record the score on the Speaking Test Scoring Sheet with a number 2 pencil **before** the next audio track begins.

**Important: Do not use a pen to record scores.**

# Prompting During Testing

Here are guidelines for how to respond to situations that may occur during the administration of the Speaking Test:

	SITUATION	RESPONSE
Understanding How to Respond	If the student does not know how to respond to a <u>practice</u> question,	Press pause and assist the student in understanding what to do. For example, you can point to the speech bubble, and say: <i>Remember, when the speech bubble is blue that means it's your turn to answer. After you hear Ms. Lee, say your answer clearly.</i>
	If the student does not know how to respond to a <u>scored test</u> question,	Say: <i>Try your best. If you can't answer a question, it's O.K. to say, "I don't know."</i>
	If the student asks for help answering a <u>scored test</u> question,	Say: <i>Do your best to answer the question.</i>
	If the student completes a response, and is unsure of what to do during the remaining silence,	Say: <i>It's O.K. if you finish your answer before the recording starts again. Wait for the next part.</i>
Page Turning	If the student is not turning the page when instructed,	Say: <i>Remember to turn the page when Ms. Lee tells you.</i> You may turn the page for the student, if needed.
	If the student attempts to turn back to previous pages or to look ahead,	Say: <i>Please stay on this page.</i>
Volume and Clarity	If the student is talking too quietly,	Say: <i>Remember to speak clearly when you answer.</i> Say: <i>Please speak loudly so I can hear you.</i>
Response Length	If the student needs encouragement to provide a more extended response,	Say: <i>Can you say more about that?</i> However, DO NOT repeat or rephrase the test questions.

- Test administrators **may prompt** the student to respond or to provide more extended answers.
- **Use scripted language** provided in the Test Administrator Script to assist the student.

# Test Administrator

## Do's and Don'ts During Speaking

- Do **not** pause any audio.
- Allow each track to play only one time. The student may **not** listen to tracks again or look back at previous pages of his or her test booklet.
- Allow the response time to play and do **not** fast forward or skip to the next track even if the student has finished his or her response.

# Test Administrator

## Do's and Don'ts During Speaking (cont.)

- **Help** the student if he or she needs assistance navigating the test or understanding what to do (e.g., turning pages; understanding when to respond).
- The test administrator should **not** help the student with any test content (e.g., rephrasing questions).

# Test Administrator

## Do's and Don'ts During Speaking (cont.)

- The test administrator **may prompt** the student to respond or to provide more extended answers.
- Only use the **scripted language** provided in the Test Administrator Script to assist the student.
- Be objective in your scoring. At all task levels, responses of "**I don't know**" must be scored **Attempted**.
- Do not use a separate sheet to record scores.

# Take the Speaking Quiz

- If you have not already, complete the ACCESS for ELLs **speaking quiz**
- Take the **quizzes** that apply to you
- **80%** or higher to pass
- May be taken **multiple times** if needed
