ACCESS for ELLs Suite of Assessments

For the Spring 2019 administration, the following assessments will be used to satisfy state and federal requirements for the annual assessment of the English language proficiency of English language learners (ELLs):

- **Kindergarten ACCESS for ELLs**, a paper-based assessment for Kindergarten
- **ACCESS for ELLs Paper**, a paper-based assessment for Grades 1–12
- **Alternate ACCESS for ELLs**, a paper-based assessment for ELLs in Grades 1–12 who have significant cognitive disabilities

Students to be Tested

All students enrolled in the district (grades K–12) and classified ELL, with a code of “LY” on the 1st day of the test administration window, must be administered one of the following English language proficiency assessments:

- Kindergarten ACCESS for ELLs
- ACCESS for ELLs Paper
- Alternate ACCESS for ELLs

(continued on next slide)

ACCESS for ELLs Results

Results will provide:

- data useful for charting student progress over time and, for the newly arrived students, charting progress over the first year.

What is the Alternate ACCESS for ELLs?

- A test developed specifically for students identified as English language learners with significant cognitive disabilities
- For students with a “LY” code who take the FSAA
- Based on the WIDA Alternate English language proficiency levels
- A paper-based assessment
- All components of the tests are individually administered 1:1

Purpose of Alternate ACCESS for ELLs

- Provides ELLs with significant cognitive disabilities an opportunity to demonstrate their English language proficiency in:
 - Listening, Speaking, Reading, and Writing
 - 4 English Language Proficiency (ELP) standards
 - * Social and Instructional Language
 - * The Language of Language Arts, Mathematics, and Science

Participation Criteria for Alternate ACCESS for ELLs

Participation in statewide English language proficiency testing has to be decided by the student's IEP team. Florida's Alternate ACCESS for ELLs 2.0 participation criteria is as follows:

- The student is classified as ELL, with a code of "LY" on the first day of the testing window (January 28, 2019).
- The student has a significant cognitive disability and receives special education services under IDEA (2004).
- The student requires extensive direct individualized instruction and substantial supports to achieve measurable gains in the grade and age appropriate curriculum.
- The student is or will be participating in the Spring 2019 Florida Standards Alternate Assessment (FSAA).
 - **Note:** Only applicable for students in grades 3–10.

Participation in the Alternate Access for ELLs

- Participation is determined through the IEP process and these students also take the FSAA (Florida Standards Alternate Assessment) in grades 3-12.

Participation Criteria	Yes	No	Explanation of Yes or No Response

Reminders for IEP/Multi-Disciplinary Teams in Selecting Accommodations

- Base accommodation decisions on *individual* student needs.
- Make a *team* decision
- Be careful not to confuse content area testing with ELP testing

Who Should Administer the Alternate ACCESS for ELLs?

- Teacher or licensed staff (online quiz)
- Staff member familiar with student's dedicated communication system and response modes
- Practice ahead of time is important due to logistics of managing:
 - Student Response Booklet
 - Test Administrator's Script
 - Student Test Booklet
 - Spring 2019 Florida ACCESS for ELLs Test Administration Manual
 - Individual student supports

Training and Certification Requirements for Test Administrators

- ✓ Complete the Test Administrator Checklist – Paper & Pencil

General Test Guidelines

- Keep the test moving at a steady pace
- Follow pause times given in the script
- Follow the Test Administrator's Script exactly

- Practice reading the tasks aloud ahead of time
- Give student non-evaluative, positive feedback

Maximizing Student Performance

- Establish rapport with the student prior to testing.
- If you need to stop the test administration of the Speaking or Writing sections, it is preferred to stop between the different parts of these sections.
- It is acceptable to stop the administration of a domain section, take a break, and finish the section later.
- Although the Test Administrator must adhere to the script, sometimes encouragement, or rephrasing or clarification of a task per the script, is appropriate.
- Winding down if the student scores **No Response, Incorrect, or Approaches** on three consecutive tasks.

Set-up on Table

- Do not leave materials unattended before or after testing.
- Keep cards in order within the pouch.

General Procedures

- Read aloud **black bold** and **blue bold** text
 - Although the Test Administrator must adhere to the script, sometimes encouragement, or rephrasing or clarification of a task per the script, is appropriate.
- Record student scores IMMEDIATELY
- 10-min stretch break is scripted between Part C and Part D.
- Test may be administered in two sessions with a less-than-two-day break between the parts
- Winding Down when a “ceiling” is reached at one level.

Part D: Listening & Speaking

Indicate below how the test was administered. (Choose only one.)

☐ One session, no break ☐ One session, stretch break ☐ Two sessions

Meets vs. Approaches

Speaking Test Scoring Scale	
Meets	Meets all task level expectations in <i>quantity and quality</i>
Approaches	Approaches task level expectations, but falls short in quantity and/or quality

“Meets” is highlighted on the scale to emphasize that Meets is the **expected** score. Tasks are designed to elicit speech that will meet **all** expectations of the proficiency level it targets.

Task Level Expectations

- Every task is based on a set of *expectations* for what the response should look like. The TA rates each task holistically, considering the response to all questions in the task.
- Scoring expectations are based on:
 - Linguistic Complexity: Expectations of the **quantity** and **organization** of the student's verbal response
 - Vocabulary Usage: Expectations of the student's use of appropriate vocabulary for grade level and proficiency level; refers to language **quality**
 - Language Control: Expectations of the student's control of English grammar, word choice in context, and the English sound system; refers to language **quality**

Question-Mark (?) Column Considerations

If it is difficult to determine whether a student's response to the current task warrants a score of **Meets** or a score of **Approaches**, the Test Administrator may fill in the box in the question-mark column, labeled (?), and move on to the next level.

- If the student gives a performance that meets the task-level expectations on the next level, assign that level a score of **Meets**, and go back and assign the previous level a score of **Meets**.
- If the student gives a performance that clearly fails to meet the task-level expectations on the next level, assign the current level a score of **Approaches**, and go back and assign the previous level a score of **Approaches**.
- If a student has reached the last task in the part, a score of **Meets** or **Approaches** must be assigned to this task.

Sample 1: Task Level 2

[Click for Scoring Rationale](#)

Meets <input type="radio"/>	? <input type="checkbox"/>	Approaches <input type="radio"/>
--------------------------------	-------------------------------	-------------------------------------

Scoring Rationale: This response approaches task level expectations. The student repeats the test administrator and produces single word responses, but the response does not meet task level expectations in terms of linguistic complexity. The response contains no short oral phrases, which are necessary for a level two task.

the principal's office.

Q1: **This is a pencil.** Point to pencil. **What do you use a pencil for?**

Q2: **This is a telephone.** Point to telephone. **What do you use a telephone for?**

Q3: (If necessary) **What other things does the principal have?**

EXPECT

Multiple comprehensible related words or short phrases
Some use of modifiers possible

Sample 2: Task Level 4

[Click for Scoring Rationale](#)

Meets ○	? □	Approaches ○
------------	--------	-----------------

Scoring Rationale: This response approaches task level expectations. The response contains simple and expanded oral sentences, and meets expectations in terms of linguistic complexity and language control. However, the response does not show evidence of detail or specific language necessary for a level 4 task.

Q1: **These are some games the children play on the playground.**

Point to cards. **Are these games the same or different?**

Q2: (If "Same") **How are they the same?**

(If "Different") **How are they different?**

Q3: (If necessary) **Tell me more. (OR) Can you tell me anything else?**

Good job. Let's put the cards away. Put cards away.

EXPECT

Comprehensible simple oral sentences
Use of some detail/specific language

Part E (Writing) and Part F (Reading)
Starting points are determined by performance on prior Writing and Reading tasks.

All components are scored by the Test Administrator (TA) during test administration.

Part B: Writing Experience Overview

- **Screening Task:** If student successfully writes name, proceed to the Writing Experience. If incorrect, proceed to Reading Part C.
 - Inventive spelling accepted
 - Single letter or shapes, proceed to Reading Part C.
- **Writing Experience:** Prompt to retell a narrative text, then write about it.
- Score on Part B determines where student begins the expository writing in Part E.

Part E: Writing Entrance Point

- Entrance point based on student's performance on Part B.
 - Mark the student's starting point in Part E under the **Started Here** column
 - If "**Low**" start with **E1** (Leveled Tasks – Tracing & Copying)
 - If "**Mid**" start with **E3** (Leveled Tasks – Beginning & Ending Sounds)
 - If "**High**" start with **E4/5** (Writing Experience)

		3	t	<input type="radio"/>	<input type="radio"/>		
		4	n	<input type="radio"/>	<input type="radio"/>		

Note: Do not go back to a previous level in Part E, if the child cannot successfully complete the Level on which you have started him/her.

Part E: Scoring Guidance

- **E1 – E3 Leveled Tasks:**
 - Scored as **Correct** or **Incorrect**.
 - There are multiple questions within one level
 - If the student completes a level successfully (following the Stop If criteria), move on to the next level.
- **E4/5 Writing Experience Task:**
 - The test administrator assigns the writing a score of 1-6 using the **Writing Rubric** after the student completes the entire test.

The Writing Rubric

- Defines seven levels from 0 to 6 in terms of:
 - Linguistic Complexity
 - Vocabulary Usage
 - Language Control
- Aligns to standards and performance definitions, but should be used to assign writing samples scores rather than a proficiency level
- Takes into account rules for inventive spelling
- Contains shorthand “evidence” for each level

Inventive Spelling Considerations

- Monosyllabic Words: Consist of *initial*, *middle* and *final* sounds
- Multisyllabic Words: Follow the *initial*, *middle* and *final* sound *pattern* for each syllable

	Initial sound	Middle sound(s)	Final sound
<i>dog</i>	"d"	"aw" or "a"	"g"
<i>bike</i>	"b"	"ai"	"k"
<i>tree</i>	"tr" or "ch"	"ee"	—

Scoring in Writing

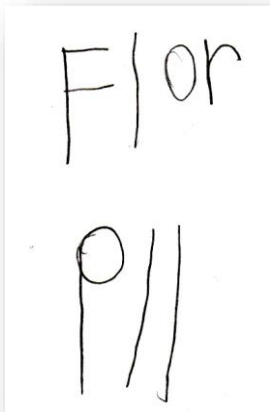

- After student writes, the TA transcribes what the student says he/she wrote
- ***Immediately*** score the writing as “**High**,” “**Mid**,” or “**Low**” using the criteria found in the expect box
 - Check off the box at the bottom of Part B in the Student Response Booklet to determine the starting point for the Writing items in Part E.
- ***After*** the student completes the entire test go back and assign a score of 1-6 using the Kindergarten Writing Rubric

Part B: Writing Samples

Let's Score!

Where will this student start in Part E? MID Start: E3

Sample	Transcription	Explanation
 A photograph of a piece of white paper with handwritten text. The top line reads 'Flor' and the bottom line reads 'P//'. The 'l' in 'Flor' is written as a vertical line, and the 'oy' in 'P//' is written as two vertical lines.	Flower, Boy	Identifies beginning, middle and end sounds in word “flower,” but is not so clear for “boy.” The “b” appears to be inverted, which is acceptable, but student writes “ll” for the /oy/ sound. May be evidence of the interlanguage effect, but it is not accepted at this level.

Let's Score!

Where will this student start in Part E? HIGH Start: E4/5

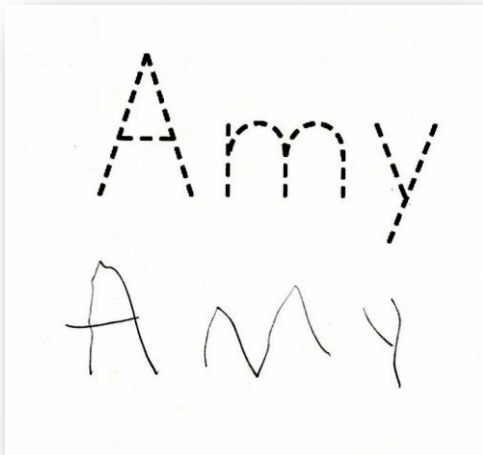

Sample	Transcription	Explanation
	boy, girl, talk, clock, doctor	It is normal, and acceptable, for a kindergarten student to confuse the “b” and “d.” The use of “oi” for /oy/ shows an understanding of beginning, middle and end sounds.

Part E1 – E2: Writing Samples

Part E4/5: Writing Samples

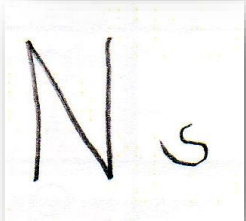

E1: Tracing Tasks

Sample	Score	Rationale
	Correct	<p>Although the student has not traces on the lines, this is marked correct because the student is beyond the tracing stage and can successfully copy a word.</p>

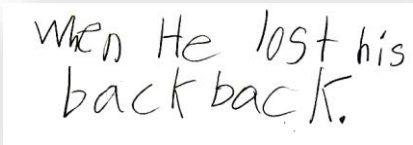

E2: Copying Tasks

Sample	Score	Rationale
	Correct	<p>Student inverted the “v” and the “e,” which is normal for children at this level, so item is marked correct.</p>

Rubric Score: 2

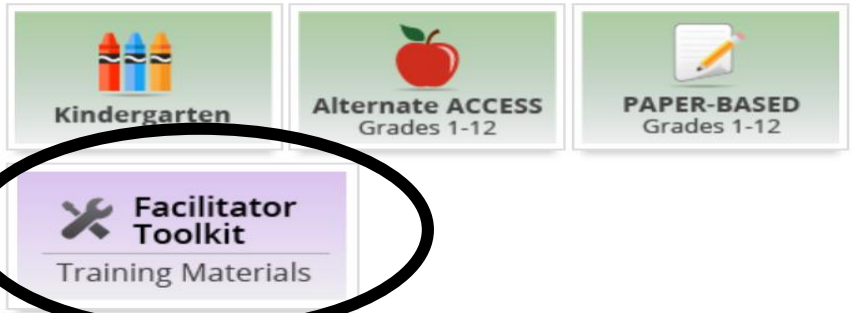

Sample	Transcription	Explanation
	boy teacher	This child produced two clear examples of letters that are beginning sounds.
	nurse	This child was able to produce two sounds in one word.

Rubric Score: 4

Sample	Transcription	Explanation
	when he lost his backpack	This is a clear phrase with each word having all sounds represented.
	one day David lost his backpack	Student is attempting beginning, middle and end sounds in each word. Substitutes "z" for "s" in two words. Second letter in first word may be inverted "n." Has sense of word boundaries.

ACCESS for ELLs Paper Test

Objectives:

- Locate the ACCESS for ELLs Paper **Training Course**
- Describe administration procedures for all **4 domains**
- Practice scoring the **Speaking** section
- **Schedule ACCESS**

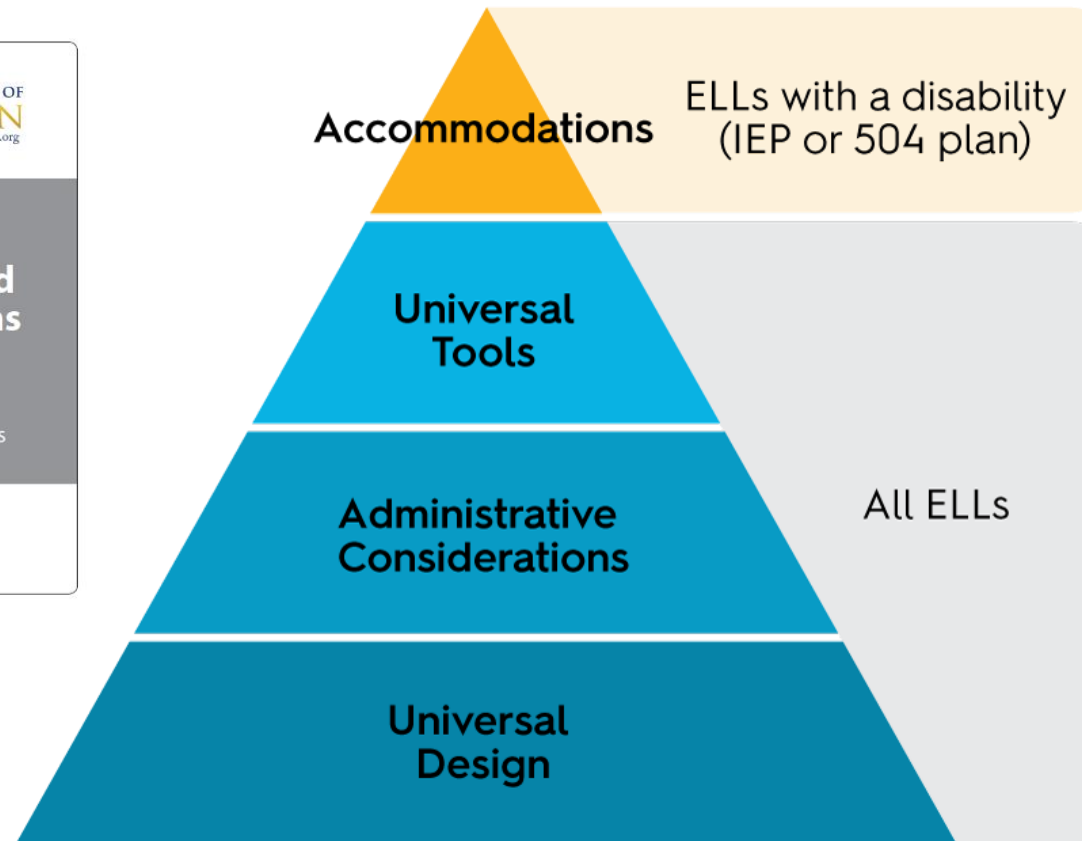

2019 Florida Accessibility and Accommodations Supplement

- This document highlights test administrative considerations, universal tools, and accommodations for individual ELLs taking the paper-based tests.
- Accommodation Selection Forms located in Appendix C and on Florida's WIDA Webpage.

Accessibility and Accommodations

[Triangle width indicates estimated proportion of ELLs using each type of support]

Accommodation Considerations

1. Does the accommodation address the student's special need(s)?
2. Does the student have experience with the given accommodation(s) on an ongoing basis in the classroom or testing situations?
3. Does the accommodation maintain the validity of the construct of what the test measures?
4. Does the test administrator know the student and how to accurately apply the accommodation?

Universal Tools

- May be used by all students to address their individual accessibility needs.
- Students should use the tool(s) regularly in the classroom and have become familiar with the appropriate use and availability of the tools. These tools include:
 - Audio aids
 - Color overlay
 - Highlighter, colored pencils, or crayons
 - Line guide or tracking tool
 - Magnifier
 - Planning Sheet

The image shows a "PLANNING SHEET" form. At the top, it says "STUDENT NAME: _____". Below that, it says "PLANNING SHEET" and "Use this sheet to plan what you will write. The writing on this sheet will NOT be scored." The main body of the form consists of ten horizontal lines for writing. At the bottom, it says "This sheet will NOT be scored."

Individual or Group Administration

- All domains of **Kindergarten ACCESS** and **Alternate ACCESS** are **individually** administered

- **Speaking 1st-12** grades must be **individually** administered

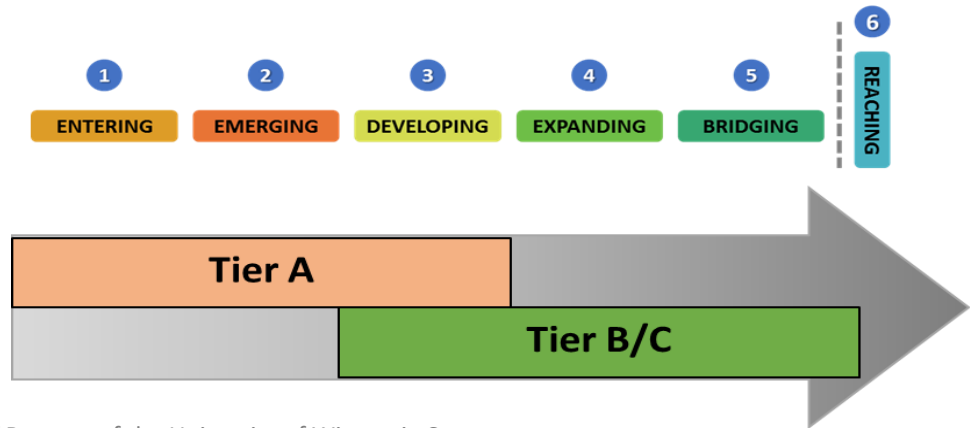

- **Listening, Reading & Writing 1st-12th** grades can be **group** administered

Group by Domain, Grade Cluster & Tier

- Domains: Listening, Speaking, Reading & Writing
- Groups must be made up of the same grade-level cluster.

- Groups must be made up of the same tier (A or B/C) on the Test Session Roster.

NEW

Test Session Master Schedule

- Separate Sessions by Grade Cluster, Tier, and Domain

Examples

- Grades 2, Tier B/C, Reading
- Grades 6-8, Tier A, Listening
- Grades 9-12, Tier B/C, Writing

[illegible]

Florida's WIDA Webpage

Group Size

WIDA recommends:

- No more than 22 students in a group
- Smaller groups for newcomers
- Keeping the same group together for all domains

This eliminates the need to create a new roster for each test session. So you will not have to reorganize test booklet after each session.

Multi-Day Administration

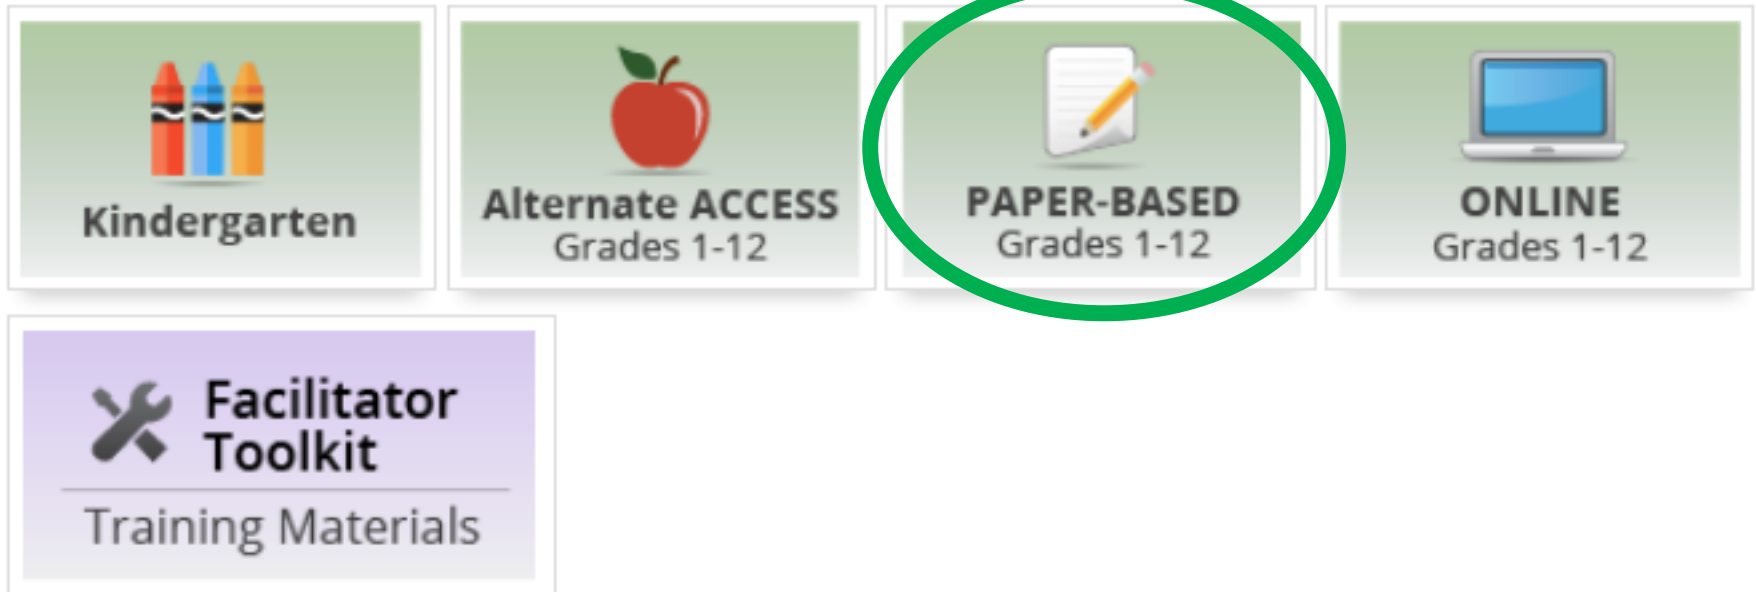

- Each domain should be completed the day it's started
- Break in **Kindergarten ACCESS for ELLs** should occur between Part C and Part D.
- For **Alternate ACCESS for ELLs**, each test section should be administered in a separate testing session.
- 3 Sessions for each grade cluster & tier (Recommended for **ACCESS for ELLs Paper**)

- The Test Administrator should sit at a right angle to the student, rather than across from or next to the student.
- Test Administrators must assemble the materials needed to administer the test.
- All students should be tested in the same manner.

ACCESS for ELLs Paper • Speaking Test At a Glance

Planning to deliver the Speaking test? Use this handy guide to make sure you've got it all covered.

LEARN

1. Complete the ACCESS for ELLs Paper [training course](#). (Check [State Checklist](#) for specific requirements.)
2. Then, complete the [Core Speaking Assessment Training](#).
 - Module 1: Overview and Test Structure
 - Module 2: Speaking Assessment Scoring Practice
 - 2018-19 Supplemental Training for the Speaking Assessment
3. Review the paper [sample test items](#) and [sound files](#).
4. Take Grades 1-5 and/or Grades 6-12 Speaking [Certification Quizzes](#).
5. Download the [Speaking Scoring Scale](#).

PREPARE

1. Gather materials from the School Test Coordinator:
 - CD player and speakers
 - Listening & Speaking test CD
 - Speaking Test Booklet - Student Test Booklet
 - Test Administrator's Script - No. 2 Pencils
2. Set aside enough time. The test is delivered one-on-one and may take 15-35 minutes per student. Higher grade-level clusters and tiers may take a bit longer.
3. Find a quiet room, free of distractions. Post Testing Signs to each door of the testing room.

DELIVER

To begin, play the recorded audio prompts. Follow along in the Speaking Test Booklet. Do not press pause or stop the audio; response time is included in the audio file.

Nina is the model student. She helps students understand the task demands, and gives them an appropriate response as an example.

Ms. Lee is the virtual Test Administrator. She interacts with Nina and asks her questions that encourage language production.

SCORE

Score students' responses objectively as you go through the test.

Remember that you are assessing students' language, not the content accuracy of their responses. This is true for all ages and proficiency levels.

Keep the [Speaking Scoring Scale](#) in front of you when you score.

No Response → Attempted → Adequate → Strong → Exemplary

After testing, return all test materials to the School Test Coordinator.

Speaking Administration Times

- Takes approximately 15 to 35 minutes per student. Higher grade-level clusters and tiers will take longer.

Now it's your turn. Look at the picture again. In a moment, I will ask you what other things you see in this picture. Think about it.

Speaking Administration

- Virtual Test Administrator, **Ms. Lee**, guides students and asks them sets of questions that are design to elicit language at progressively higher target proficiency levels.

- Model student, **Nina**, provides task level responses to support students and help Test Administrators score the test.

- **Do not:**
 - Pause
 - Rewind
 - Fast forward

Test Administrator

Do's and Don'ts During Speaking (cont.)

- Help the student if he or she needs assistance navigating the test or understanding what to do (e.g., turning pages; understanding when to respond).
- Do not help the student with any test content (e.g., rephrasing questions).

Administering the Speaking Test

1. Become familiarized with the **Test Administrator's Script**.
2. Prepare the **Listening and Speaking Test CD** to begin at the appropriate track number.
3. **Follow along** with the student as he or she goes through the Directions and Practice. Use the guidelines for monitoring the test and prompting provided in the Test Administrator's Script.
4. Evaluate and **score student responses immediately** after the student gives a response to each task.
5. Record the **score** on the Speaking Test Scoring Sheet with a number 2 pencil **before the next audio track begins**.

Important: Do not use a pen to record scores.

Scoring processes Select the score point that best describes the overall response relative to the qualities of the model <ul style="list-style-type: none"> Check to ensure each bullet point is met If not, check one level below 	
Scoring notes & rules <ul style="list-style-type: none"> For P1 tasks, assign a score of Adequate and above if the response includes more than one word in English. This includes an article plus noun (e.g., 'a chair'), and verbs repeated verbatim from the model. For P3 and P5 tasks, students may take up and use language from the model and should not be penalized for this. This is particularly relevant for personal-preference tasks. At all task levels, simply repeating or reading all or part of the task question should be scored Attempted. At all task levels, responses of "I don't know" should be scored Attempted. 	
Off task response: The response shows no understanding of or interaction with the prompt. It may answer another unrelated task. A response that is entirely off task receives a score of Attempted . Off topic response: The response shows a misinterpretation of the instructions. An off topic response is related to the prompt, but does not address it. (Note that this does not refer to task completion; for example, if a student is asked for 3 reasons and gives 1, this should be scored based on language use and is not considered off topic.) The maximum score for an off topic response is Adequate . If any part of the response is on topic, the entire response is scored as on topic.

Student 1: Grade 2-3 Task Level: P3

Mo

Although this **Attempted** response consists of a comprehensible English oral sentence (*the ball is back*), word choice is not fully adequate and the overall language use does not support an adequate response to this P3 task.

No

Tell me about the problem in this story.

Student 2: Grade 6-8 Task Level: P3

Model

This response approaches the sophistication of the model response and is therefore scored as a **Strong** response. It is clearly delivered and includes detail in the form of a justification for why Dart's life changed (...*because he wanted to be successful, so he made his own business in Japan...*). However, the word choice lacks the precision of the model (*the first basketball league for the ones in wheelchairs*) and this is therefore not an Exemplary response.

Tell me about how Justin Dart's life changed after he finished college.

4

Student 3: Grade 9–12 Task Level: P3

Model

This **Adequate** response conveys one simple idea using generally comprehensible language (*The president builds schools and stuff*). The language does not approach the sophistication of the language demonstrated by the model. The response is satisfactory, but does not include the level of detail or word choice expected at higher score points for a P3 task.

Tell me about what the Works Progress Administration did.

2018-19 Supplemental Training for the Speaking Assessment

If you are unfamiliar with the test or have not gone through the core training, then you should first complete Module 1 and Module 2 on this page.

For those already certified to administer and score the ACCESS Speaking Test, WIDA is providing supplementary materials to help prepare to score this year's test. These materials are recommended and will help familiarize raters with some of the tasks on this year's test and how responses to these tasks should be scored.

For example, this code can be used if a student becomes ill during the test or if a student engages in inappropriate testing practices.
DEC	Declined indicates a student refused to test. This annual state assessment is NOT an optional activity. It is a required activity. A student cannot opt out of the state's annual assessment. - Absent (ABS) – due to absence, student could not be assessed
- Declined (DEC) – due to refusal, student could not be assessed
- Exempt (SPD) – IEP or 504 determined that the student should defer participation for one or more of the domains

Note: If a reason is not gridded on the student response booklet and the test section is blank, it will be processed and receive a blank score.
