Observer in Canvas

Become an Observer in Canvas

You can become an observer in your child's class on Canvas to be able to see everything your child sees in their Canvas courses without disrupting any announcements or "unread" items. As an observer, you have your own log-in so there's no fear of being locked out of Canvas if your child changes their password.

Disclaimer: the Canvas parent app has limited functionality. For this reason, we encourage all parents to use their internet browser to access canvas. You can log into canvas as a parent observer in this link.

Print Directions: How to Become an Observer 2

How to get Parent Access to Canvas:

- 1) Have your student login to Clever and Click on Canvas
- 2) Click on Account (left navigation bar)
- 3) Click on Settings
- 4) Click on Pair With Observer (it's on the right hand side of the screen)
- 5) Write down the code listed
- 6) Go to https://browardschools.instructure.com/login/canvas
- 7) Click where it says, Parent of a Canvas User? Click here for an account.
- 8) Enter your email, a password, and the code you copied.

This allows you to be an observer in Canvas. Logging in on a computer, as opposed to using the Parent App on your phone allows you to view a lot more than the app does. You can see assignments, their directions, upcoming due dates, announcements. You can also email teachers through the Canvas Inbox. Parents that work for BCPS need to set up their observer accounts with a personal email address.
